## Message of the Chairperson

It has been a true privilege for me to take the leadership of the National Women's Council as President in the third quarter of 2015 wherein, I dedicated the first months of my tenure in bringing a new impetus to the Council.

It is with such zeal and appreciation that I commend the work carried out by outgoing members of the National Committee, who assumed office for the period 2013-2015, in enabling the NWC to empower women socially, economically and politically.

With the reconstitution of the National Committee in July 2015, I wish to reiterate my heartiest thanks to the new Board Members for shouldering such an important role and responsibility in ensuring the successful governance of the Council.

Notwithstanding the significant gains made in empowering women for the attainment of gender equality, I need to recognise that many challenges remain ahead of us. By identifying and illuminating barriers that still hinder to-day women's participation in the development process, we can surely and collectively focus on solutions that will allow all women to make their voices heard, and ultimately contribute in bridging the prevailing gender gaps.

The NWC remains dedicated in consolidating its actions geared towards empowering women at all levels for the attainment of gender equality and will thus forge strategic alliances with key stakeholders in order to make things happen.

Moreover, the forthcoming new National Women's Council Act will entail a shift in approach, that is from 'Women in Development', to a ' Gender and Development' and which will be reflected in all its future programmes, projects and activities. Undoubtedly, this will pave the way for securing a new identity for the Council, thereby, enabling women to have the appropriate platform in voicing out their needs, concerns and aspirations. As Chairperson of the Council, I am determined to bring the organisation from strength to strength and I, therefore, rely on each and everyone's support to continue working towards our common goal of advancing the gender equality agenda and broadening the pathways to success for the Mauritian women. w

This being said, I have the pleasure to present this annual report which showcases the achievements made by the Council during the year 2015. Indeed, these would not have been made possible without a highly committed staff team.

M. Boodhun President, National Women's Council

#### Women's empowerment programmes

#### (a) Social Empowerment of Women

The social empowerment of women is of utmost importance to help women face the challenges of life. It entails capacity building programmes in various fields such as dressmaking, craft making and Home Economics conducted in Women Centres, Social Welfare Centres, Community Centres and Village Halls amongst others for their overall self- empowerment and/ or to enable them to gain employability.

It also relates to the awareness-raising campaigns on a wide array of issues in a bid to address practical and strategic needs of women.

The number of women having benefitted from our awareness raising campaigns for the year **2015** is **80,137**.

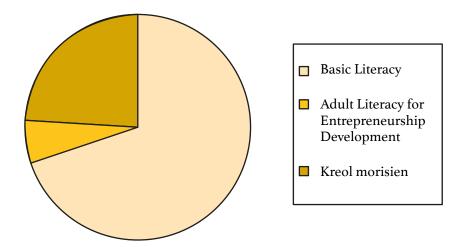

As regards capacity building programmes in various fields, these can be described as follows:

# STRATEGIC PLAN OF THE NWC FOR 2016

The NWC has, over the last few decades adopted a woman-centred approach in addressing issues related to the development of women and has, subsequently contributed substantially in empowering women, particularly those from the grassroots level.

In line with the international trends, the NWC has adopted a paradigm shift in its approach that is from "Women in Development" to that of "Gender and Development" in a bid to address prevailing gender gaps.

The NWC has, therefore, positioned itself as a key partner of the Gender Unit in the implementation of policies and programmes geared towards women's empowerment and gender equality, particularly with the Signature of a Memorandum of Understanding (MOU).

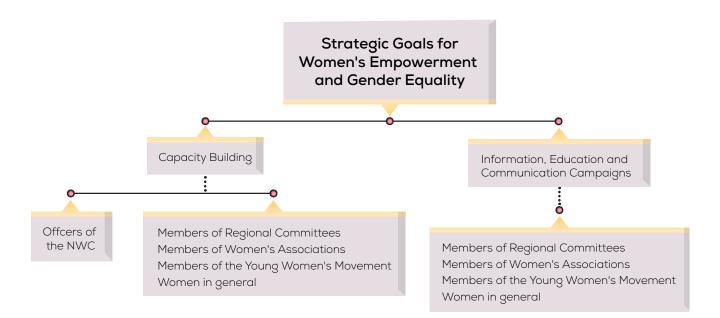

The MOU will provide a coherent and guiding framework on how the Gender Unit and the Council should articulate their actions and interventions to empower women socially, economically and politically to attain gender equality. Notwithstanding the above, the NWC will contribute in the organization of activities for the welfare of children and families and to facilitate access to service delivery and their participation, therein, by providing back up support to the Child Development Unit and the Family Welfare and Protection Unit of the MGECDFW.

Moreover, in view of the forthcoming new National Women's Council Act, the NWC will have to review its role, responsibilities and "modus operandi".

#### **IMPLEMENTATION STRATEGIES**

A bottom-up approach will be adopted by the NWC to translate into action the strategic goals for women's empowerment and gender equality mainly through:

- (i) Capacity Building; and
- (ii) Information, Education and Communication Campaigns.

#### (ii) Information, Education and Communication (IEC) Campaigns

As part of its strategic direction, the NWC will consolidate its IEC campaigns which will cover all districts in Mauritius, thereby targeting women of all age groups and background. For the year 2016- 2019, the NWC will gear its actions towards implementing women's empowerment programmes in line with the provisions set in the Memorandum of Understanding as well as focusing itself on the Goal 5 of the SDGs.

In the same vein, the NWC will introduce a "*Model Commission on the Status of Women*" targeting young students both boys and girls which will be an annual feature within the calendar of the NWC. The aim of the MCSW is to enable students to acquaint themselves with the proceedings of the CSW as well as to encourage them to develop their skills such as communication, self-assertiveness, leadership, advocacy, negotiation and problem- solving amongst others.

On another note, in view of the repealing of the National Women's Council Act of 1985, the Project Unit will need to look into the overall structure and functioning of the Dressmaking & Craft Unit and the Women's Association Unit in order to make them respond more adequately to the needs of the contemporary women.

#### E. Repealing of the National Women's Council Act of 1985

# FINANCIAL REPORT

The Financial Statement of the NWC for 2015 has been prepared by the Finance Section of the NWC under Section 72 of the Financial Reporting and is at Annex I. REPORT OF THE DIRECTOR OF AUDIT

On the Financial Statements of the National Women's Council for the year ended 31 December 2015

## NATIONAL AUDIT OFFICE\_

NATIONAL AUDIT OFFICE

# REPORT OF THE DIRECTOR OF AUDIT TO THE NATIONAL COMMITTEE OF THE NATIONAL WOMEN'S COUNCIL

#### **Report on the Financial Statements**

I have audited the accompanying financial statements of the National Women's Council (Council), which comprise the statement of financial position as at 31 December 2015, the statement of financial performance, statement of changes in general fund, the statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the Financial Reporting Standards for Small Entities (FRSSE) and in compliance with the Statutory Bodies (Accounts and Audit) Act, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with International Standards of Supreme Audit Institutions. Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified audit opinion.

#### **Basis for Qualified Opinion**

#### Retirement Benefits Liability - Rs 18,801,959

Retirement Benefits Liability was measured in accordance with International Public Sector Accounting Standard (IPSAS) instead of Financial Reporting Standards for Small Entities (FRSSE). In the absence of an actuarial valuation in accordance with FRSSE, the effect of the non-adoption of the required standard on the financial statements could not be quantified.

#### **Qualified Opinion**

In my opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements give a true and fair view of the financial position of the National Women's Council as at 31 December 2015 and of its financial performance and cash flows for the year then ended in accordance with the Financial Reporting Standards for Small Entities.

#### **Emphasis of Matter**

#### General Fund - (Rs 50.2 million)

I draw attention to the negative balance of the General Fund, which has been increasing during the past years and stood at Rs 50, 218,472 as at 31 December 2015. My opinion is not qualified in respect of this matter.

#### **Report on Other Legal and Regulatory Requirements**

#### Management's Responsibility

In addition to the responsibility for the preparation and presentation of the financial statements described above, management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the laws and authorities which govern them.

#### Auditor's Responsibility

In addition to the responsibility to express an opinion on the financial statements described above, my responsibility includes expressing an opinion on whether the activities, financial transactions and information reflected in the financial statements are, in all material respects, in compliance with the laws and authorities which govern them. This responsibility includes performing procedures to obtain audit evidence about whether the agency's expenditure and income have been applied to the purposes intended by the legislature. Such procedures include the assessment of the risks of material non-compliance.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

#### **Opinion on Compliance**

#### Statutory Bodies (Accounts and Audit) Act

The financial statements were submitted on 5 May 2016. Several errors were noted during the audit and the amended financial statements were submitted on 22 September 2017.

In my opinion, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the Statutory Bodies (Accounts and Audit) Act.

#### **Public Procurement Act**

The National Women's Council is responsible for the planning and conduct of its procurement. It is also responsible for defining and choosing the appropriate method of procurement and contract type in accordance with the provisions of the Act and relevant Regulations. My responsibility is to report on whether the provisions of Part V of the Act regarding the Bidding Process have been complied with.

In my opinion, the provisions of Part V of the Act have been complied with as far as it appears from my examination of the relevant records.
